- One locket stolen from  
Frigidazzi, who refused to  
accept the passion I  
would have spent on her.

- The Living Scalp stolen  
from Filbercio, who  
sentenced me to die.

- The Spectral Orb  
stolen from Mortegro. I  
hate him, for he  
uncovered my dangerous  
research and betrayed me  
to the Council of Mages.

- The Flux Analyzer  
stolen from Gustacio.  
Gustacio the influential,  
Gustacio the dignified,  
Gustacio the magisterial, I  
despise thee! I despise  
thee for thou  
representest everything I  
could never be.

- The Wand of Stone,  
taken from Torrissio. I  
blast mine hatred of  
Torrissio to the seven  
winds, for he was my  
partner in twisting the  
rules of the Mages, yet  
he abandoned me to their  
justice.
